PRAVEEN C

Entry-Level Software Developer | Python | Django | React.js | SQL
Chennai, India | +91 63796 69896 | praveenpraveen150605@gmail.com | linkedin.com/in/praveenc1505 | https://github.com/PraveenC1506

PROFESSIONAL SUMMARY

B.Sc. Computer Science (AI) graduate with hands-on experience in Python, Django, SQL, HTML, CSS, and JavaScript. Developed and deployed web applications, including an Intelligent Fitness Management System and a Smart Inventory Management System. Experienced in database management, responsive UI development, API testing, and application troubleshooting through internships and personal projects. Seeking an entry-level software development role to apply technical skills and contribute to real-world projects.

TECHNICAL SKILLS

Programming Languages: Python, SQL, JavaScript
Web Technologies: HTML5, CSS3
Frameworks: Django, React.js
Databases: PostgreSQL, MySQL
Tools & Platforms: Git, GitHub, Postman, VS Code, MS Excel, Render, Neon
Concepts: Object-Oriented Programming (OOP), CRUD Operations, Database Management, REST APIs, Responsive Web Design, API Testing, Production Support, Troubleshooting

PROJECTS

Intelligent Fitness Management System | Python, Django, HTML, CSS
Live Demo: https://intelligent-fitness-management-system.onrender.com/
GitHub: https://github.com/PraveenC1506/intelligent-fitness-management-system

- Developed a web-based fitness management application to manage gym operations, memberships, and workout activities.
- Implemented user authentication, dashboard, workout tracking, progress monitoring, and profile management using Django.
- Designed user-friendly interfaces using HTML and CSS to improve usability and navigation.

Smart Inventory Management System | Python, Django, PostgreSQL, HTML, CSS, JavaScript
Live Demo: https://smart-inventory-system-1u1q.onrender.com/
GitHub: https://github.com/PraveenC1506/smart-inventory-system

- Developed and deployed a web-based inventory management system using Django and PostgreSQL.
- Implemented product management, stock monitoring, low-stock alerts, and inventory tracking.
- Created a dashboard to display inventory statistics and sales reports.
- Deployed the application on Render with PostgreSQL database integration.

INTERNSHIP EXPERIENCE

Software Development Intern — UTH Software *Apr 2026 – Jun 2026*

- Developed React.js UI components based on project requirements.
- Assisted with production support and application troubleshooting.
- Performed API testing and data validation using Postman.
- Supported store integration and data accuracy checks.

Python Web Development Intern — Ednue Technologies *Jun 2025 (15 days)*

- Developed responsive web pages using HTML and CSS
- Created Home and About Us pages based on project requirements
- Implemented responsive design for mobile and desktop devices
- Improved website layout and user experience

EDUCATION

B.Sc. Computer Science (AI)
Sathyabama Institute of Science and Technology, Chennai
2023–2026 | CGPA: 6.98/10

CERTIFICATIONS

- Python Full Stack Development — Zukun Academy
- Python Web Development — Ednue Technologies
